

## Heavy Duty Water Based Floor and Tennis Court Coating

### PRODUCT DATA

---

#### Description:

Water based heavy duty flexible acrylic floor coating designed to colour and protect tennis courts, driveways, playgrounds and factory floors can also be used for line marking. Suitable for high traffic areas. Contains dolomite stone for added strength and anti-slip properties. The almost smooth profile (NOT like paint with sand in it), ensures that the painted surface remains easy to clean and doesn't get clogged up with dirt.

**\*Important Note: This product has anti-slip properties and therefore provides slip resistance, however, it is not possible to guarantee a totally non-slip surface.**

#### Area of use:

Internal and External

#### Substrates:

Concrete, Tarmac, Asphalt and Acrylic Courts

#### Packing:

5 Litres & 20 Litres

#### Physical Constants:

Colour: Red, Black, Green, White, Blue and Yellow

Finish: Satin

Volume solids: 45%

Theoretical spreading rate: 10 sq.metres per litre

Flash point: N/a

Specific gravity: 1.24

Dry to touch: 30 minutes

Over-coating time: 2 Hours

**\*The theoretical spreading rate has been calculated for the stated volume solids and dry film thickness. A practical spreading rate will depend on the actual dry film thickness, the nature of the substrate, and the relevant consumption factor. The physical constants are subject to normal manufacturing tolerances.**

#### Application Details:

Application method: Brush or Roller

Thinner: Water

Cleaning of tools: Water

**Surface Condition:** The surface should be stable, firm, dry and free of dust, sand, loose old paint, dirt, grease and oil.

**For additional guidance (eg. power-floated floors, existing coatings, possible existing contamination etc.) please contact your local Technical Sales Representative. Please check colour before use. If using multiple cans please check batch numbers are the same**

**SAFETY:** Handle with care. Before and during use, observe all safety labels on packaging and paint containers, consult Material Safety Data Sheets and follow all local or national safety regulations.
